

WE ARE HIRING:

MARKETING INTERN

We are looking for a Marketing Intern to join our team. Put your Marketing classes to use working with our Communications Team crafting written, graphic, photo, & video content to promote Root3 Labs to future customers and employees. This position may be full-time during the summer or part-time during the semester. If you enjoy creative, collaborative, and flexible office environment and seek variety, our quirky engineering R&D company might be the right fit for you.

Salary: \$18/hr

Typical Responsibilities:

- Assist with crafting/implementation of Marketing content
- Work with Engineering Staff to generate content ideas
- Graphic design of visual content (Canva, CorelDraw)
- Update website content (Wordpress Divi backend)
- Analysis of content performance metrics
- Coordinate in-house tours and events
- This is an in-person position in Owings Mills, MD

Qualifications:

- Proficiency with Microsoft Office
- Curiosity and interest learning about content strategies
- Excellent written communication skills
- Photography, videography, graphic design experience a plus
- Rising Junior, Senior, Masters student of Bachelor's degree program
- Friendly and outgoing interpersonal vibe
- US Citizenship required (NISPOM)

[EXPLORE OUR INTERNSHIPS](#)

Root3 Labs is an engineering R&D company specializing in the design, research, and development of electromechanical devices for medical device and defense industries. Our expert engineering staff helps device manufacturers and DoD Laboratories turn problems into prototypes and prototypes into finished products.
